

ALL TERRAIN

HARDSKIN reinforced casing to increase resistance to punctures and cuts

Open lateral knobs deliver ultra performing grip

Low knobs are located on the top section of tread to optimise traction et help remove mud

**TUBELESS
READY**

**Concept TUBELESS READY :
CHAMPION OLYMPIQUE with
Julien Absalon-Beijing 2008**

HARDSKIN EXTREME RESISTANCE

HARDSKIN technology features a reinforced casing using a flexible and very dense fabric grid. Added to the sidewalls of tires, this reinforcement increases tire resistance to perforations and cuts without reducing comfort or overall performance.

USE	DIMENSIONS	TPI	WEIGHT	COLOR	TT/TL*	CONCEPT
XC MARATHON	26x1.85	127	690	Black	TL	Hardskin
	26x1.85	66	510	Black	TT	Hardskin
	26x2.15	127	750	Black	TL	Hardskin
	26x2.15	66	570	Black	TT	Hardskin
	26x2.15	66	530	Black	Tubeless Ready*	Hardskin
	29x2.15	66	750	Black	Tubeless Ready*	Hardskin
ENDURO	26x2.35	66 R*	660	Black	TT	Hardskin
	26x2.35	66 R*	970	Black	TL	Hardskin

TT/TL* : Tubetype / Tubeless

* Tubeless Ready : Fast'Air required to convert the tire to Tubeless.

R* : Reinforced
